

Introduced by Senator Cox

February 24, 2006

An act to amend Section 25912 of the Health and Safety Code, relating to asbestos.

LEGISLATIVE COUNSEL'S DIGEST

SB 1624, as introduced, Cox. Asbestos: building permits.

Existing law requires any local building department or enforcement agency that issues and enforces building permits to revoke any building permit if asbestos is being applied unlawfully or require corrective action.

This bill would make a technical, nonsubstantive change to this requirement.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 25912 of the Health and Safety Code is
2 amended to read:
3 25912. Any building department of any city, county, city and
4 county, or other enforcement agency charged with issuance and
5 enforcement of building permits shall revoke any building permit
6 or require that corrective action be taken if asbestos is being
7 applied in violation of Section 25910 or require that corrective
8 action be taken.
